Opportunities in sport

We are aware that every school has a diverse pupil population, where some pupils require more support and assistance than others. Although the PE and sport premium should be used to support all pupils in your school, we are interested to understand whether you have targeted any of your spending on certain pupils. These findings will allow us to understand whether further support is needed, whilst also ensuring our PE and sport premium guidance is as helpful as possible. In the next section we will ask you questions about providing or improving opportunities in sport and physical activities in your school.

Has your school targeted any spending on providing or improving opportunities in PE, sport and physical activities for pupils with special educational needs and disabilities (SEND) or long-term medical conditions?	No
Has your school targeted any spending on increasing or improving girls' access to PE lessons?	Yes Supporting participation in extra-curricular opportunities or competitions, specialist focused activities for girls, peer to peer led activities, other (see above).
Has your school targeted any spending on providing or improving opportunities in sport and physical activities for disadvantaged pupils?	Yes Subsidised sport and physical activity clubs for disadvantaged pupils, staff training and CPD

Impacts and improvements

As part of the PE and sport premium conditions of grant, schools are expected to outline the impact that PE and sport premium funding has had on pupils' PE attainment, physical activity and sport participation. To allow the department to fully understand the impact, schools should aim to outline any relevant data where possible. In the next section we will ask you to describe the impact of your school's use of the PE and sport premium grant.

Positive impacts have been seen in the following areas:

- Increasing all staff's confidence, knowledge and skills in teaching PE and sport
- Increasing engagement of all pupils in regular physical activity and sport
- Raising the profile of PE and sport across the school to support whole school improvement
- Offering a broader and more equal experience of a range of sports and activities to all pupils
- PE attainment
- Increasing teacher's knowledge and competence in teaching PE and school sport
- Increasing pupil participation in extra-curricular activities
- Ensuring that the improvements are sustainable

Swimming

As part of the National Curriculum schools must provide swimming and water safety lessons either in key stage 1 or key stage 2. National curriculum requirements are pupils should be taught to: • swim competently, confidently and proficiently over a distance of at least 25 metres • use a range of strokes effectively (for example, front crawl, backstroke and breaststroke) • perform safe self-rescue in different water-based situations Within this form, we ask that schools provide data on the percentage of pupils within its year 6 cohort in the current academic year who met the national curriculum swimming and water safety requirements. Schools should provide attainment data for year 6 pupils from their most recent swimming lessons. This may be data from previous years, depending on the swimming and water safety programme at the school. Schools must keep attainment data from swimming and water safety lessons in years 3 to 5 to be able to report this accurately in year 6.

What percentage of pupils in your current year 6 cohort can swim competently, confidently, and proficiently, over a distance of 25 metres?	89%
What percentage of pupils in your current year 6 cohort can use a range of strokes effectively?	91%
What percentage of pupils in your current year 6 cohort can perform safe self-rescue in different water-based situations.	91%
